

## City Council Authorizes School Athletic Field

The City Council passed a resolution authorizing the purchase of a tract of land in the city of Ocean Springs, Ala., for the purpose of establishing a school athletic field.

The tract of land is located on the east side of the city, between the city limits and the Gulf of Mexico. It is a tract of about 100 acres, and is owned by the State of Alabama.

The City Council has authorized the purchase of the tract for the purpose of establishing a school athletic field. The purchase is to be made by the City of Ocean Springs, Ala.

The purchase of the tract is a necessary step in the development of the city of Ocean Springs, Ala. It will provide a place for the city's schools to hold their athletic events.

Above drawings show proposed traffic changes being considered by City Council. Illustration indicates direction of suggested one way streets.

## Sanitation Laws To Be Enforced

Mayer Garfield Lohr of the Health Department announced today that he will enforce the sanitation laws of the city of Ocean Springs, Ala.

The laws are designed to protect the health of the city's residents. They require that all buildings be kept clean and free of garbage.

Mayer Lohr said that he will enforce the laws by issuing citations to anyone who violates them. He will also fine anyone who is found guilty of a violation.

## Hospital Board In Secret Meet With State Inspectors

### Sr. Martufina Critically Ill

Sr. Martufina of the St. Rose de Lima Convent was taken to Mercy Hospital in New Orleans in a critical condition Tuesday morning.

A native of the Mississippi Delta, Sr. Martufina came to the convent as a young girl. She was assigned to the Mother House of the Order in New Orleans.

Sr. Martufina left Bay St. Louis many years ago and worked for her Order in New Orleans, La., returning to Bay St. Louis in 1935.

### Any One Of 3 Courses Will Open Your Hospital

These, as we see them, are the only courses open to the Kings Daughters Hospital Board. They have as yet given no indication as to which one they will take.

1. Keep the hospital closed, depriving the county of a hospital facility and stand responsible for the probable disaster resulting from a complete lack of emergency facilities here until such time as a new and more modern institution can be built.
2. Open the institution and assume the legal risks involved personally, as a result of possible fire or other accident at the hospital.
3. If they are not willing to assume these risks, resign from the board and permit other responsible persons who have so offered to do so.
4. Keep their places on the board, enlarging its membership to include persons representing a group of responsible, public spirited citizens who are willing to raise and donate the money necessary to rectify the structural deficiencies which create the alleged legal liability. The enlarged membership, these donors feel, would guarantee keeping the hospital open if their money is spent to do so.

Acceptance of any one of the last three proposals would give this city hospital and emergency first aid facilities again.

We can conceive of no single legitimate reason why they refuse.

### Rep. Phillips, Others Favor Local Option

State Representative Walter James Phillips joined three other Coast legislators this week on record as favoring a local option approach to liquor in Mississippi and expressed surprise at Governor J. P. Coleman's statement giving a conditional stamp of approval to legalized liquor sales.

The four representatives, Sen. Stanford Morris, Jr. of Gulfport, Rep. Upshaw of Gulfport and Rep. Daniel Galt, Biloxi, and Rep. Phillips took the stand that a legal liquor bill need not injure the Coast tourist trade, would bring additional revenue into the state till, and would aid in

Letter was transmitted Wednesday by Mrs. Charles G. Harris, President of the Kings Daughters Hospital Board, from Miss Marie Phillips, Hospital Licensing Committee to the State Commission of Hospital Care, Birmingham, Ala.

Confirming the recommendations made to you by our architect in our conference with you and other members of your board last Friday relative to the minimum safety requirements for continuing operation of your hospital until construction of a new facility is completed to replace yours, I enclose recommendations as follows:

1. Install automatic sprinkler system throughout building.
2. Install central heating system, preferably a package unit with forced warm air ducted to all areas.
3. Convert septic tank (No. 4 on drawing) behind laboratory into two laboratory rooms and access from lobby.
4. Reinforced present structure in southeast corner of emergency room (on inside of wall opposite where cages are located).

These were the major items which I presented to you in writing. Very sincerely yours, MARIE PHILLIPS, Hospital Licensing Committee.

The Board was notified by telephone of the arrival of the above letter by Mr. Lucien Cox, spokesman for the hospital board who, on Wednesday, was meeting with three members of the board, Mrs. E. C. Carrere, Mrs. E. F. Kirkpatrick, and Mrs. B. F. Hill. The two other board members, Mrs. Leo Ford and Mrs. Myrtle Santa Cruz, were not present at the meeting.

The statement followed several days of futile attempts by this newspaper to get any information as to what had taken place during and after the visit here Saturday by the two State commission inspectors, Miss Marie Phillips and Mr. Duran. Mr. Duran, whose full name was not able to be supplied by the board members, is from the Hospital Commission Architectural Department, they stated.

Up until Wednesday morning, no board member would issue any statement or supply any information as to how the inspectors could be reached for an interview during the time they were here.

Mrs. Carrere, their president, failed to reply to any of the Echo's numerous telephone calls to contact her, while Mrs. Kirkpatrick, Mrs. Santa Cruz, Mrs. Ford and Mrs. Hill, instead, Mr. Cox was the only fully informed and authorized person able to speak for them.

Up until Wednesday morning Mr. Cox, however, insisted that he was simply a legal adviser and did not know fully what was being done by the Board in administrative matters. In response to a question on Monday as to whether or not the State inspectors had been here Saturday and, if so, what they had done, Mr. Cox replied that he did not know. He understood, he said, from individual board members' remark at one of their meetings, a building inspector was here but he had not seen him and did not know for sure whether or not he had been.

Asked by telephone at their meeting Wednesday morning whether or not they had inquired of the inspectors as to the ability of immediately reconstructing the institution building, Mr. Cox said that he had not.

## Red Cross Board Holds First Meet Of New Year

The Executive Board of the Red Cross Chapter of the city of Ocean Springs, Ala., held its first meeting of the new year yesterday.

The Board is composed of Mrs. J. W. Wooten, temporary Executive Secretary, and Mrs. E. C. Carrere, President. Other members are Mrs. E. F. Kirkpatrick, Mrs. B. F. Hill, Mrs. Leo Ford, and Mrs. Myrtle Santa Cruz.

## Bay Scenes Are On TV

An excellent short feature story with good pictures of Bay St. Louis was given by WEDU-TV on its "Sunday Supplement" with John Kane as narrator.

It began with a brief history of the city's origin when it was named for Louis IX, King of France, in 1697, by Blountville. The pictures were shown of the Bay Bridge, the courthouse, St. Augustine Seminary, and the church of St. Augustine Seminary.

There were good shots of all boats around the Bay-Woodward Yacht club, the beach, and the fishing in and out of the water. There were several photographs of people enjoying the youth center.

### Residents In Car Wreck

Mrs. Evelyn Vaughn, 26, Bay St. Louis resident and two of her children, Shirley, 6 and Joseph, 3, suffered injuries across Tuesday in an automobile accident on Highway 90 in Mobile. Another daughter, Mary Ann, seven months, escaped harm.

Mrs. Vaughn, visiting in Bayou La Batre, was rushing Mrs. Irene Irving, 19, an expectant mother, to the County Hospital, when the car she was driving and a truck collided at the intersection of Government and St. Ann Streets.

Mrs. Irving was reported in fair condition, with fractures of the ankle, pelvis, and ribs. Hospital authorities said her unborn child appeared to be all right.

Mrs. Vaughn and her two injured children were reported to be in "good condition" at the hospital where they received treatment.

### Bridges Get \$500,000

Nearly 5% in road protection tax, a tax which formerly went to Harrison and Jackson Counties have been paid to the Bay St. Louis and Pascagoula toll bridges since December.

The State Motor Vehicle Comptroller's office in Jackson said Monday that the bridges will also get another \$500,000 in revenues which were supposed to have been applied last year to the bridge accounts.

A 1936 state act ordered all of the road protection funds which were not needed to retire outstanding obligations in the three coast counties to be paid over to the toll bridges.

Some legislative sponsors of the measure predicted that the two bridges would be freed within five years and the outstanding bonds paid from the road protection revenues.

The three coast counties since 1927 have been given one-half the state highway department share of the state gasoline tax on gasoline sold within the counties. This amounts now to 1 3/4 cents per gallon.

### 10 Year Old In Accident

Caroline Holman, 10 year old niece of Mr. and Mrs. Eugene Davis, was seriously injured in an automobile accident July 26 near Collins, Miss.

She was a passenger in a car driven by her aunt, Miss Nattie Holman, which was struck head-on by another car.

The young girl received multiple cuts on her face, a fractured jaw, and a fractured leg. She was taken to Covington County Hospital in Collins for treatment.

Mrs. Davis said several head wounds were taken in the little girl's face and she would require plastic surgery at a later date.

### Polio Clinic To Continue

Mrs. Theo Tashy, Chairman of the Hancock County Chapter of the National Foundation for Infantile Paralysis, announced this week that the Polio Clinic for inoculations in the 20-40 age group will be open for the next three Wednesday afternoons from 4:00 p.m. to 6:00 p.m. in the Doric Russell Dance Studio in the Sea Coast Echo Building.

Mrs. Tashy said that 39 injections of Salk vaccine were given the first day the clinic was open two weeks ago and 26 shots Wednesday, July 17, the second day.

The vaccine is provided by the Hancock County Chapter and \$1.00 donation is accepted for the injection, which is the cost price.

Mrs. Tashy urged that colored citizens of the town take advantage of the clinic and stressed the fact that anyone unable to pay the \$1.00 cost of the shot will be given the injection free.

Last Spring, Mr. Rayburn Reed had a new room with a big open fireplace and glass walls on two sides of the room plus a new bath and built-in closets added to their Gulf Coast cottage. Now, the younger members of the family are trying it out for size. John and Gladis Reed and family plus a signed couple of cats enjoyed the improvement. When they went back to New Orleans, Dr. Ralph Reed, Mrs. Mary and their children Kathleen and Randy, and his parents, came over. Ralph Reed, 111, is away at camp in Tennessee this year. Special guests were Freddy Carroll, Carolyn Wirtz and Sue Kerlin. They fished and crabbed, went to swimming, sunbathed and read comics. Now work the Limestoneers, the new Calcasieu Reed, came over from Texas. De Mr. and Mrs. Reed Senior, enjoy the cottage? Well they go over to the Big Horn Gulf and relax.

#### Youth Center Dance Nets \$51 For Red Cross

Under the direction of Mrs. J. Cyril Glover, Director of the Bay St. Louis Youth Center, a dance was given and \$51.00, the proceeds derived from the party, presented to the local Red Cross.

They were small leaves of blue ribbon leaves and carried long long, long streamers with gold yellow pom-pom chrysanthemums.

Mr. Gilbert Coyne, director-in-law of the bridegroom, served as best man. Messrs. Lucius F. and Charles Poolton, Jr. were the groomsmen and Messrs. Rogers Kettler and Donald Manier served as ushers.

Immediately following the ceremony, a large reception was held at the Knights of Columbus Hall on Main Street. Mrs. Anthony Pitalo, Sr., Mrs. Mildred Piazza and Mrs. Jerry Poolton assisted the newly married couple and members of the wedding party in receiving.

Mrs. Pitalo chose for her son's wedding an afternoon model of pale blue silk sheathing made on simple lines. She wore white accessories and an orchid corsage. Mrs. Piazza selected a summer oyster and Mrs. Poolton navy blue lace. They also
